I forward you this certificate unsolicited, because I think an article that will do what your Hair Regenerator will, should be widely known. I think it is the best article for the hair now in use. #### MRS. WILSON'S COCOA-NUT OIL HAIR DRESSING

Mrs. Wilson's Hair Dressing is put up in large bottles, and retails for 37 cts. per bottle, and for dressing the hair of any person, young or old, there is not its equal in the world. It will make the hair everything you wish it to be, and moreover, it has a perfume that is infinitely superior to any of the fashionable extracts, either foreign or American, which alone should entitle it to a place on every lady's toilet table.

Use the Regenerator before retiring at night, and in the morning apply a little of the Dressing, and your hair will be even more lifelike in color and beauty.

Use nothing on your hair but these preparations, and use these according to directions, and we warrant you a good healthy head of hair.

Restoring THE BALD AND GRAY

THE BALD AND GRAY!

Many, since the great discovery of Prof. Wood, have attempted not only to imitate his restorative, but profess to have discovered something that would produce results identical; but they have all come and gone, being carried away by the wonderful results of Prof. W.Cod's preparation, and have been forced to leave the field to its resistless sway. Read the following:—

Bath, Maine, April 18th 1859.

Prof O. J. Wood & Co. Gents: The letter I wrote you in 1856, concerning your valuable. Hair Restorative, and which you have published in this vicinity and elsewhere, has given rise to numerous inquiries touching; the facts in the case. The inquiries are, first, is it a fact of my habitation and name, as stated in the communication; second, is it true of all therein contained; third does my hair still continue to be in good order and of natural color? To all I can and will answer invariably yes. My hair is even better than in any stage of my life for forty years past, more soft thrifty; and better colored; the same is true of my whiskers, and the only cause why it is not generally true is that the substance is washed off by frequent abitution of the face, when if care were used by wiping the face, in close connection with the whiskers, the same result will follow as the hair. I have been in the receipt of a great number of letters from all parts of New England, asking me if my hair still continues to be good; as there is so much fraud in the manufacture and sail of various compounds as we'l as this, it has no doubt been basely imitated and been used, not only without any good but to absolute injury. I have not used any of your Restorative of any account for some months, and yet my hair is as good as ever, and hundreds have examined it with surprise, as I am now 61 years old and not a gray hair in my head or on my face; and to prove this fact, I send you a lock of my hair, taken off the past week. I received your favor of two quart bottles last Summer for which I am very grateful: I gave it to my fr

PROF. O. J. Wood: Dear sir.—I would certainly be doing you a great ir justice not to make known to the world, the wonderful, as well as the unexpected result I have experienced from using one bottle of your Hair Restorative. After using every kind of Restoratives extant, but without success, and finding my head nearly destitute of hair, I was finally induced to try a bottle of your Hair Restorative. Now candor and justice compel me to annunce to whoever may read this, that I now possess a new and beautiful growth of hair, which I promunes richer and being our than the provinces.

possess a new and beautiful growth of hair, which I pronounce richer and handsomer than the original was. I will therefore take occasion to recommend this invaluable remedy to ALL who may feel the necessisy of it.
